

On Friday, September 10, 2021, Speaker Randall Hicks and National Council staff joined the Muscogee Nation **Behavioral Health and Substance Abuse** department staff, tribal employees and MCN Citizens for a Hope Walk, to recognize World Suicide Prevention Day. After some remarks by Tyler Stone (MCNDH), Mike Coon (MCN veteran) and Lonie Spencer (Yuchi Language program), participants walked the grounds south of the Mound, many wearing yellow, in an additional show of support for those lost to suicide. Citizens who need literature, support or hotline numbers can reach Tyler at (918) 758-1930.
